

MATCH ALL THE PARTS OF THE BODY WITH THEIR CORRECT NAMES!

**Kidney • Spleen • Bladder • Stomach Liver •
Esophagus • Lungs • Heart • Small Intestine**

Use this sheet to help with part 2 of the challenge:

Create your own dog anatomy diagram using items around the house! You can do this by using all sorts of items, such as clothing, to create the dog's body shape and organs. For example, you could tie socks together to create the dog's long intestine!
